

WaterWise

REBATE PROGRAM

CITY OF CHANHASSEN

What is it?

The City of Chanhassen offers rebates for the purchase and installation of WaterSense certified toilets and smart irrigation controllers and for Energy Star labeled clothes washers and dishwashers. Residents can submit a rebate application along with copies of receipts and photos of installed products to receive money back on their purchases. Available rebates: \$50 per toilet, \$100 per dishwasher or clothes washer, or \$50 per smart irrigation controller.

Who can apply?

Any resident who owns a home in Chanhassen. New construction homes are not eligible for rebates. Rebate eligible products must replace already existing toilets, controllers, dishwasher and clothes washers in the Chanhassen home. All rebates are subject to replacement and installation verification.

What products are eligible?

Any toilet or smart irrigation controller purchased that is WaterSense Certified. This designation makes it easy to find and select water-efficient products that can help your wallet and the environment. Look for products bearing the WaterSense label. WaterSense labeled products are backed by independent, third-party certification and meet EPA's specifications for water efficiency and performance. When you use these water-saving products in your home, you can expect exceptional performance, savings on your water bills, and assurance that you are saving water for future generations.

Clothes washers labeled with the ENERGY STAR rating are eligible. ENERGY STAR certified clothes washers deliver superior efficiency and performance by incorporating advanced features - using 25 percent less energy and 33 percent less water. A standard-sized ENERGY STAR certified dishwasher costs about \$35 per year to run and can save you an average of 3,870 gallons of water over its lifetime. By reducing water consumption, ENERGY STAR certified dishwashers also help protect our lakes, streams, and oceans.

How to apply for a rebate?

Fill out a rebate application and submit it to the city with a copy of your receipt that clearly shows the make and model of the product along with a photo of the installed product. Rebate checks will be mailed directly to you. There is a limit of one rebate per product per household. Rebates will be issued while funding is available. Rebates are first-come, first-served. Completed applications can be mailed or dropped off at city hall or emailed to wwrebates@chanhassenmn.gov.
